The library facility is also average and to extremely good as per 50% of the students.

**Action Taken:** The faculties were asked to include practical oriented sessions along with the theoretical classes. The students were encouraged to take part in skill enhancement classes and workshop and seminars organized by the college as well as other institutions. The internal evaluation system was modified by giving regular assignment and class presentations. Mock interviews, group discussions etc. were added with the regular mode of teaching in the classes.

## **2021-22**

Based on the questionnaire supplied to the students the following observations are noted:

1. The existing course curriculum of various subjects is though good but is not extremely good. So attention of the university Authority is required towards revision of curriculum.
2. The extent of coverage of the syllabus in the class is 75 to 90 percent . The college authority should frame a systematic routine with additional classes to cover the entire syllabus during the session
3. The reports about library facility shows that library facilities needs to be developed with more books and space

### **Action Taken**

A syllabus Progression Committee has been formed with Heads of All departments under the chairmanship of the Principal. More number of Remedial Classes were added to cover the entire syllabus with the stipulated period. Library has been upgraded with new text and reference books and reading areas has been extended to accommodate more numbers of students in the library.
