Attainment of Programme Outcome and Course Outcome

Our institution regularly evaluates the performance of students through various methods for measuring the attainment of program outcomes and course outcomes. As per the Gauhati University guidelines 80% of the marks are given to the students from end semester examination and 20% of the marks are assigned for internal assessment. The students enrolled for certificate courses are evaluated by the institution itself. Following parameters are used for evaluation of attainment of program outcomes and course outcomes:

- 1. **End Semester University Examinations:** Gauhati University conducts end semester Examinations and the performance of the students provide us the base for measurement of attainment of program outcomes and course outcomes.
- 2. **Internal Examinations:** As part of internal assessment, group discussions, home assignments, seminar presentations, sessional examinations per semester are conducted. Proper seating Arrangements, examination routine, etc. are prepared and the students are given necessary information well in advance. After proper evaluation, marks are displayed in the college notice board as well as departmental notice board.
- 3. Feedback Evaluation through Internal Students Satisfaction Survey: Our College collects feedbacks from the students through student satisfaction survey regarding program outcome and course outcome.
- 4. **Feedback from Alumni and Employers:** Feedback is also collected from Alumni during its meeting or via E-mails. The college receives mails and phone calls from prospective employers for verification of student records from within and outside the state.
- 5. **Placement:** One of the most important program outcome evaluation tool is employability of our students upon successful completion of their degree program. The college organizes placement drives from time to time. The passed out students of our college are getting employment in both private as well as public sectors. Many of our students are now established entrepreneurs in our society.
- 6. **Academic Audit:** Academic Audits are done by our college in regular intervals to evaluate our program outcomes and course outcomes.
- 7. **Higher Studies:** Records of our students pursuing higher studies also serve as a measure for the evaluation of attainment of program outcomes and course outcomes. Our students move for higher studies within as well as outside the State for pursuing higher studies.

Our college tries to bring out a judicious mix of both co-curricular and extra-curricular activities throughout the academic session for successful attainment of Programme Outcome and Course Outcome.
